

2016 is a very special year for **Estudio Sampere**. We celebrate **60 years** of history dedicated to teaching Spanish as a foreign language. We are proud of having taught thousands of students from all corners of the world, with many trustful repeating clients decade after decade. Alberto and Isabel Sampere founded this pioneering school in Madrid back in **1956**. We were also one of the first Spanish language schools in Latin America in the 1990's, precisely in Ecuador. A couple of years ago, we opened programs in Cuba. We are an independent group of schools with a friendly and cozy atmosphere, always giving a personal attention to each and every student.

Estudio Sampere's method of teaching Spanish has evolved along with the international academic standards. We favor a communicative method of teaching, which provides the student with the resources needed for a successful use of the daily language, from day one. Our educational material is up-to-date, in line with the latest academic guidelines. Our classrooms feature audiovisual equipment. **Estudio Sampere** teachers have experience and specific academic education. Our programs are completed with a full program of cultural activities, always led by a Estudio Sampere teacher. Estudio Sampere quality standards are supervised by Instituto Cervantes and international educational institutions such as the IALC.
